<u>Appendix A: Campus Security Authority Crime and Incident Report Form</u>	

1. Purpose

This policy identifies Tidewater Community College’s Campus Security Authorities and delineates their responsibilities in fulfillment of the requirements contained in

federal law, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) and the Higher Education Opportunity Act (“HEOA”). The Clery Act and HEOA require that TCC, and all other colleges and universities participating in federal student-aid programs, collect and disclose certain timely and annual information about campus crime and security policies. Typically, such crimes will be reported to TCC Security or to local or state police authorities. However, a student who is the victim of a crime may be more inclined to report it to someone other than police or security officials. For this reason, the Clery Act requires that institutions collect crime reports from a variety of individuals and organizations considered to be Campus Security Authorities (CSAs).

2. Policy

In order to maintain a safe and secure learning and working environment for students, employees, and visitors, Tidewater Community College shall designate certain college officials as Campus Security Authorities (CSAs) in accordance with the Clery Act and HEOA. Designated CSAs shall assist in gathering crime data by reporting in a timely manner to the college’s Director of Safety and Security or designee all information of alleged criminal activity provided in good faith by any person. CSAs shall be trained in their responsibilities under the Clery Act, the procedures they are to follow, and the crimes they are required to report.

Nothing in this policy shall be interpreted to relieve any college employee receiving information of alleged criminal activity from reporting that information to TCC Security staff or a supervisor.

2.1. Designation of TCC Campus Security Authorities

The Clery Act identifies four categories of individuals and organizations who shall be designated as CSAs. The specific designations for TCC are listed below.

2.1.1. Campus Police or Security Department Personnel

All members of the TCC Safety & Security Department who have security-related responsibilities, whether directly employed by the college or contracted:

- Director of Safety & Security
- Security Manager – Technical Security Systems
- Security Manager (contract employee)
- Security Officers (contract employees)

2.1.2. Other Individuals Responsible for Campus Security

College staff with responsibility for security who are not assigned to the TCC Safety & Security Department:

- Vice President for Institutional Advancement

- Vice President for Workforce Solutions (for the college's site at Suffolk)
- Campus Provosts

2.1.3. Individuals & Organizations to Whom Reports Are Directed

College staff and organizations identified to receive reports of criminal activities in TCC's Annual Security Report:

- Campus Deans of Student Services

2.1.4. TCC Officials with Significant Responsibility for Student and Campus Activities

Other college officials to whom students may report/confide criminal activity:

- Vice President for Student Affairs
- Academic Deans and Directors of the Regional Automotive Center and Visual Arts Center
- Student Center Directors and Co-Directors
- Student Center Associate Directors (Student Activities)
- Director of Military Student Support Services
- Associate Vice President for Human Resources
- Academic & Personal Counselors and Advisors (except as noted below)
- Athletic Team Coaches
- Student Club and Organization Faculty & Staff Advisors

2.2. Exemption for Pastoral and Professional Counselors

The Clery Act provides an exemption for two types of individuals who, although they may have significant responsibility for student and campus activities, are not Campus Security Authorities under the Clery Act in certain situations: pastoral counselors and professional counselors. TCC does not employ pastoral counselors.

Professional counselors are exempt from acting as CSAs when their official responsibilities, as defined in the employee's job description, include providing mental health counseling to members of the college community and when they are functioning within the scope of their license or certification. This category would include professional counselors who are under contract to provide mental health counseling for the college. The Clery Act does not exempt a person whose responsibilities include both academic and professional counseling when that person learns of a criminal incident while engaged in academic counseling.

3. Responsibilities

3.1. Vice President for Institutional Advancement

The Vice President for Institutional Advancement shall develop and promulgate procedures to implement this policy and shall have overall responsibility for coordinating the college's program for complying with the provisions of the Clery Act and the HEOA. The Vice President for Institutional Advancement shall designate those individuals responsible for developing procedures, programs, and data collection, notices of timely warning or emergency notifications, and reports to comply with the Clery Act.

3.2. Director of Safety & Security

The Director of Safety & Security is responsible for coordinating the collection of crime data from the CSAs, for providing Clery Act training to the CSAs, for coordinating and posting of the Daily Campus Crime Reports, and is designated the Clery Act Campus Safety Survey Administrator (CSSA) for coordinating the preparation and posting of the TCC Annual Security Report.

3.3. Campus Security Authorities

CSAs shall report to the Director of Safety & Security any allegation of criminal activity reportable under the Clery Act that is made in good faith.

4. Procedures

The following procedures shall be followed in fulfilling the requirements of this policy.

4.1. Notification of Campus Security Authority Responsibilities

Clery Act annual crime reporting is based on the calendar year. Annually, in December, the Vice President for Institutional Advancement or his designee will notify the college's CSAs of their designation, the associated responsibilities, and the reporting process they are to follow to document Clery Act reportable incidents.

4.2. Training and Documentation

The Director of Safety & Security will provide annual training to all CSAs on their responsibilities and any updates to the reporting requirements of the Clery Act and any other relevant law. Any new employee appointed to a position designated a CSA will be scheduled to receive the required training within 45 days of initial appointment. The Director will document the training and maintain the documentation in the Office of Safety & Security files.

4.3. Reporting Crimes Requiring Timely Warning

The Clery Act requires institutions to alert their campus communities in the event of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. A CSA who becomes aware of a Clery Act crime that represents a serious or continuing threat to students or employees shall report that information immediately and by the most expeditious means to Campus Security, the

Director of Safety & Security, to the Campus Provost or the Vice President for Institutional Advancement for determination of the need to issue a campus or college-wide warning.

4.4. Collection of Information on Clery Act Reportable Incidents

A CSA who receives information regarding a Clery Act reportable incident will submit a report of the information to the Director of Safety & Security within twenty-four hours of receiving the information using the Campus Security Authority Crime and Incident Report Form (Appendix A) or online through the Safety and Security Department web page. This requirement applies to a crime previously reported under the timely warning requirement described in 4.3 above. The Director of Safety and Security will review the reports for inclusion in the Daily Crime Reports, for the Annual Security Report, and, in consultation with the Vice President for Institutional Advancement, for issuing Timely Warnings

4.5. What Campus Security Authorities Should Not Do

College officials designated as CSAs who are not otherwise assigned such responsibilities are not responsible for:

- determining authoritatively whether a crime has taken place – this is a function of law enforcement;
- trying to apprehend the alleged perpetrator(s) of a crime – this is also a law enforcement function; or
- trying to convince a victim to contact law enforcement if the victim chooses not to do so. This does not relieve a college official of the responsibility for advising a victim of the limits placed on TCC's ability to investigate or take disciplinary action in the event of an incident in which the victim is unwilling to assist in the college's process.

5. Definitions

Campus Safety Survey Administrator (CSSA) – the campus representative designated to coordinate documenting and reporting of Clery Act data to the U.S Department of Education.

Clery Act Incident or Crime – criminal activity that is among the types of crimes or incidents that are required to be reported by the Clery Act and that occurs within the geography stipulated by that law relative to TCC. It is not necessary that the crime be investigated by law enforcement or a Campus Security Authority, nor must a finding of guilt or responsibility be made for the incident to be reported and disclosed in the college's Clery Act crime reports.

College Official – any person who has the authority and duty to take action or respond to particular issues on behalf of the college.

Advancement

9. **Review and Revision History**

The initial version of this policy was effective July 25, 2013.

Revision 1

Updated executive staff member responsibility from Executive Vice President to Vice President for Institutional Advancement. Updated titles for Vice President for Workforce Solutions and the Associate Vice President for Human Resources. Added in section 4.1 Notification of Campus Security Authority Responsibilities that the Vice President may designate someone to notify college CSAs of their designation. In section 4.2 revised scheduled training from 30 days to 45 days. Edited section 4.3 Reporting Crimes Requiring Timely Warning and section 4.4 Collection of Information on Clery Act Reportable Incidents to be consistent with Emergency Notification and Timely Warning Policy. Under definitions, added definition for Clery Act Campus Safety Survey Administrator (CSSA). Under reference section, added TCC Emergency Notification and Timely Warning Policy No.1304.

Approved February 1, 2017 by President Edna V. Baehre-Kolovani, Ph.D.
