Viewing Adjusted Aid for Course Load

Students are now able to calculate their aid adjustments based on the number of credits they are taking.

From the Student Center page, have them click on Account Inquiry.
On the Account Summary Page, have the student click on the **Update Pending Financial Aid Button**.

Click Here to View What the Pending Aid Will Be Based on the Number of Credits Currently Enrolled to Take.
If the amount shown in the Pending Financial Aid column is less than the amount in Outstanding Charges & Deposits column, the student must pay the difference or they will be dropped from classes.

Before Clicking the Update Aid bar, she had $1,897.00 after updating based on actual credits enrolled, her pending aid decreased to $1,423.00. She now has a balance due of $155.50.
